To Whom It May Concern:

We would like to request rezoning of our home on 436 N Sheldon St. from an I-2 to a R-1 single family residential. The purpose of this request is to refinance our mortgage to lower interest rate from 8% to 2.87%. We have started the process on 9/26/16. They appraised our home on 10/3/16. That is when we were told that there was a problem with us moving forward because of zoning.

Thank you for your consideration.
