

TO WHOM IT MAY CONCERN:

Over the past five years, I've owned my Pontiac G-6, and driven to work – parking in the lot behind our office (133 South Cochran Avenue). Over those past five years, I have had 18 flat tires. Approximately 10 of them are attributable to nails that I believe I've gotten from parking in the back parking lot. I have picked up numerous nails in those back parking lots. The other flat tires being caused by rims leaking from going over pot holes. Those lots out back have large pot holes too.
