

MEMORANDUM

TO: Mayor Burch and City Council Members

FROM: Gregg Guetschow, City Manager

SUBJECT: City Manager's Report

DATE: July 10, 2015

Street Program. DPW Director Amy Gilson and I have been working to finalize a 5-year program for street improvements consistent with her recent report to you. We expect this to be presented for your review and discussion during the July 27 meeting.

Tennis Court Project. Design work is nearing completion for the tennis court project. A preliminary design was shared with some community members who have been involved with this project. Their input and suggestions were reviewed with the engineer. Once the design is finished, we will take no other action until the funding is secured. Due to the length of time required to secure approval for the Patronicity grant, it is unlikely that this work could be started this year as originally forecast. As of this date, \$4810 has been raised through crowdfunding for the project.

Deadline for Submitting Petitions. This is a reminder that Tuesday, July 21 at 4:00 p.m. is the deadline for submitting petitions for Mayor and Council positions to be decided in the November election. Additional information about the process is available from City Clerk Ginger Terpstra.
