

City of CHARLOTTE

MEMORANDUM

TO: Mayor Lewis and City Council Members

FROM: Gregg Guetschow, City Manager

SUBJECT: City Manager Report

DATE: August 11, 2017

East Lovett Street. New water main has been installed and new services connected to this main. Work has begun on installation of new sanitary sewer lines. It appears that the contractor is a bit behind schedule. I have asked Amy Gilson to follow up with the engineer to keep this project moving along.

108/110 E. Lawrence. We arranged for an asbestos inspection of the former Carriage Cleaners property which took place this week. This is a typical process before we undertake a demolition so that bidders are aware of any specific materials that must be handled differently from the standpoint of disposal. At the same time, samples were taken in the areas where the meth explosion took place for the same purpose. We would expect the results to be known in the very near future at which time we will publish the request for bids for demolition.
