

To Charlotte City Counsel,

Attn. Gregg:

Please re-surface Hall St. from Lansing Road West to M.50 (Cochran). That street is atrocious! We have to use that street several times a week and it's hard on our vehicles. And also Packard Hwy. needs to be re-surfaced. Now we live on W. Kinsel Hwy. and that road was done two years ago and there wasn't really a need for it to be done.

But those other two streets I mentioned are really bad.

So I'm asking you to please re-surface them as soon as possible!
